

St Paul's Recycling Project

St Paul's are proud to be apart of an amazing recycling project called Herefordshire Community Recycling Raising Money for Local Charities .

This project is made up of many schools across Herefordshire who collect a variety of recyclable items that are then used to make a new product.

Businesses pay for the collected recycled items and that money is then donated to a number of charities within the county that provide care and vital support for people who need it.

Over the last nearly two years our school has collected plastic bottle tops, milk bottles, batteries, metal ring-pulls, sweet wrappers and CD'S/DVD's.

Each term our children vote on the next items for collection.

This Summer Term we are recycling...

Crisp packets (potato crisps only)

Plastic bottle tops

Pens and pencils

Cheese wrappers

The recycling bins are located in the studio and clearly labelled with the recycled item.

Please help us to recycle as much as we can in order to help others in need and ultimately make our world a greener more cleaner place to be.

THANK YOU FOR YOUR SUPPORT WITH THIS!
