

Comments from Parents/Carers: Strengths

October 2022

- He loves learning and the relationship formed with grown ups
- My child is in Reception and new environment. Once he knows his peers and makes regular friends and is used to the routines I think he will be happier.
- As far as I know my child feels safe in school.
- Staff are very approachable and contactable too.
- Never had any concerns about my child's safety.
- Both children aren't so confident but if a teacher were to notice anything I know they would feel comfortable speaking to the teacher when prompted.
- Bullying has never been an issue
- I haven't experienced bullying with my child.
- I don't know I haven't experienced this.
- We are very pleased with St Paul's School and Staff.
- 100% would recommend school to another parent.
