Dear Parents and Carers,

Outdoor Project & Wellies

We are excited to share that we have been working hard to create new and engaging outdoor play opportunities for our children. This is a long-term project, and we plan to create many more activities for the children.

So far, our amazing parents, Mr Hicks, Mrs Eckley & Mr Barrett have been working hard behind the scenes to create welly racks, benches, play huts, sensory boards and pallet cars. They have also kindly offered to continue coming into school to make even more things for our children!

From exploring nature to enjoying imaginative games, we want to make sure the children can benefit from fresh air and active play despite the weather.

As we know, the British weather can be unpredictable! To help the children make the most of our outdoor space in all conditions, we kindly ask that each child brings a pair of wellies to keep in school. Please ensure they are clearly named so they don't get mixed up.

Having wellies on hand will mean the children can enjoy outdoor activities whatever the weather — splashing in puddles, exploring muddy areas, and making the most of our wonderful play spaces.

Thank you for your support in helping us give the children the best possible experiences. We are still accepting donations of items and would welcome any support from parents or grandparents in helping us make things for our outside space. Please do contact us if this is something you are interested in.

Kind Regards,

Mrs Bagley & Mrs Dodson
